**B2B Meetings**

Dear Attendees,

We are glad to announce the **11<sup>th</sup> Asia Pacific Global Summit on Healthcare** to be held in **Tokyo, Japan** on **May 08-09, 2019** organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. **Healthcare Asia Pacific 2019** aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of Healthcare. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. **11<sup>th</sup> Asia Pacific Global Summit on Healthcare** amid May 08-09, 2019 Tokyo, Japan. This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,  
**Healthcare Asia Pacific 2019**  
Organizing Committee

### Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes 
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

### Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

### Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

### Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manuscripts in our Open Access Journals

**Special Issues:** All accepted abstracts will be published in respective Conference Series llc LTD Journals

Each abstract will be provided with digital Object Identifier by

## About Conferences

**12+** Interactive Sessions

**5+** Keynote Lectures

**50+** Plenary Lectures

**5+** Workshops

**20+** Exhibitors

**B2B Meetings**

Healthcare Asia Pacific 2019 Conference website is attracting 25000+ Allied Health Professionals, Healthcare Professionals, Nurse practitioners, healthcare Administrators, Physicians, Healthcare Associations and societies, Healthcare Universities, Doctors, Professors, Associate Professors, Healthcare industries, Primary healthcare specialists, Family Medicine Specialists, Healthcare Researchers, Primary and Community care Specialists, Public Health Specialists, Internal Medicine Physicians, Healthcare Associations and Societies, Business Entrepreneurs, Training Institutes, Software developing companies, Manufacturing Medical Devices Companies, Data Management Companies This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

### Healthcare Asia Pacific 2019 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

### How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

### Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Healthcare, present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

# About Conferences

**12+** Interactive Sessions

## Objectives

After participating in this meeting, attendees should be able to  
Discuss emerging issues in Healthcare  
Discuss and apply recent research findings related to Healthcare  
Reflect on the place of critical distance in Healthcare

## Who should attend?

Allied Health Professionals, Healthcare Professionals, Nurse practitioners, healthcare Administrators, Physicians, Healthcare Associations and societies, Healthcare Universities, Doctors, Professors, Associate Professors, Healthcare industries, Primary healthcare specialists, Family Medicine Specialists, Healthcare Researchers, Primary and Community care Specialists, Public Health Specialists, Internal Medicine Physicians, Healthcare Associations and Societies, Business Entrepreneurs, Training Institutes, Software developing companies, Manufacturing Medical Devices Companies, Data Management Companies

**5+** Keynote Lectures

## About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontal like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by

**50+** Plenary Lectures

## Conference Highlights

- Healthcare and Management
- Public Health & Community Healthcare
- Primary Healthcare
- Cardiac Healthcare
- Women's Health, Gynecology & Obstetrics Disorders
- Healthcare and Patient Safety
- Healthcare: Sexual Health
- Nursing Education
- Infectious, Chronic Diseases & prevention
- Obesity & Associated Health Disorders
- Cancer and care
- Occupational Healthcare
- Digital & Dental healthcare
- Healthcare and Innovations
- Psychiatric and mental Healthcare
- Pediatric Healthcare
- Healthcare informatics & e-Health
- Nutrition and Healthcare
- Ambulatory Healthcare Services

## About Tokyo, Japan

**12+** Interactive Sessions

**5+** Keynote Lectures

**50+** Plenary Lectures

**5+** Workshops

**20+** Exhibitors

**B2B Meetings**

Tokyo is Japan's capital and the world's most populous metropolis. It is also one of Japan's 47 prefectures, consisting of 23 central city wards and multiple cities, towns and villages west of the city center. The Izu and Ogasawara Islands are also part of Tokyo. Prior to 1868, Tokyo was known as Edo. A small castle town in the 16th century, Edo became Japan's political center in 1603 when Tokugawa Ieyasu established his feudal government there. A few decades later, Edo had grown into one of the world's most populous cities. With the Meiji Restoration of 1868, the emperor and capital moved from Kyoto to Edo, which was renamed Tokyo ("Eastern Capital"). Large parts of Tokyo were destroyed in the Great Kanto Earthquake of 1923 and in the air raids of 1945.

Greater Tokyo is the world's most populous metropolitan area and is the center of Japanese culture, finance, and government. A bustling cosmopolitan city, Tokyo is also a major transportation hub and a world economic and industrial center. The city boasts a large number of world-class institutions of higher education, the highest concentration of universities in Japan. Tokyo was known as Edo until 1868, when the Japanese imperial family was moved there from Kyoto. Metropolitan Tokyo is generally defined as the four prefectures of Tokyo, Saitama, Kanagawa, and Chiba, while the city of Tokyo proper usually refers to the 23 wards in Tokyo prefecture itself. The metropolitan area includes the major cities of Yokohama (the second largest city in Japan), Kawasaki, and Chiba, as well as rural mountain regions west of the city, the Izu Islands outside Tokyo Bay, and the Bonin Islands to the southeast in the Pacific Ocean.
